STANDARD Rx RANGE
+6/-6 Combined Power with opposite cyls to 4.00
(higher powers may be possible)

Rx OPTIONS:- Polycarbonate or Trivex lenses for maximum protection in Clear, Coloured, Photochromic, Polarised or Photo-polarised.
INCLUDES: Frame with prescription lenses together with a semi-rigid case and adjustable strap or full headstrap

F8 SLAM & SLAM XL

The SLAM range is designed to meet the ASTM F803 impact resistance for several sports such as Cricket, Basketball, Handball, Racquetball, Soccer, Squash and Tennis. The patented eye rim assembly and 6 base lens curve design allows for a wide range of prescriptions. The style is enhanced by two-tone colour treatments to the sculpted temples and coordinated inside padding. There is a front vented padding system and the back cushion provides additional padding along the top and bottom of the frame. Supplied with a semi-rigid case and adjustable strap.
